## Welcome Messages

Dear friends,

On behalf of the International Paralympic Committee (IPC), it gives me great pleasure to welcome you to Rio de Janeiro for Latin America's first Paralympic Games.

With around 4,350 athletes from close to 170 countries competing in 22 sports, these will be the biggest Paralympic Games to date. They will also be the most widely broadcast with over 120 TV channels set to show pictures to a record four billion cumulative viewers around the world.

The growth in popularity of the Paralympics in recent years has been down to the ever-improving performances of the athletes. Paralympians are getting faster, stronger and more agile all the time and it is their accomplishments that have led the Paralympic Games to becoming the world's number one sporting event for driving social inclusion.

Without a doubt, Rio de Janeiro is one of the world's most spectacular and beautiful cities. This Paralympic Family Guide will assist you during your time here as it provides all the information you need to know to ensure your stay in this breath-taking city is a memorable one.

Remember during the Games, you can follow all the news and live results at [www.paralympic.org](http://www.paralympic.org) and receive the latest updates at @paralympic.

Finally, I would like to thank the Rio 2016 Organising Committee for their hard work and dedication in delivering this transformational event. Your time here will be unforgettable.

Enjoy the Games

Dear friends,

Rio de Janeiro is looking forward to be taken over by the Paralympic spirit. Now it is our turn to witness the transformative power of sport and its ability to effect positive changes. The Rio 2016 Paralympic Games are a unique opportunity to celebrate diversity and reinforce its influence over every one of our actions.

Organising the Paralympic Games made it possible for Rio to look at accessibility from a renewed perspective. We put all our efforts into delivering modern venues and inclusive services so that the city could welcome athletes and visitors with truly open arms.

I would like to thank the International Paralympic Committee for their unwavering support. I am sure these are going to be excellent Games, and this could only be possible through collaborative work and a shared desire to host Paralympic Games that will further advance the Paralympic Movement.

It is with great enthusiasm that we welcome the Paralympic Family to Rio. We have prepared this guide to make your stay in the city as pleasing as possible, aiming to attend to your needs with top-level services and provide a memorable experience to all involved.

Enjoy our Games!

### 5.1.2 PRIVATE CHARTER ARRIVALS GIG

At Games time, GIG will operate close to full capacity with scheduled flights. Rio 2016 strongly recommends to book charter and private flight airspace and airport slots as far in advance as possible due to high demand. Bookings should be made through the National Civil Aviation Agency (ANAC) website: <http://www.anac.gov.br/slot>. For private flights, in addition to booking through ANAC, clients should complete the RIOgaleão registration form, available on the Rio Exchange, and send it to [tarifacaoaeroportuaria@riogaleao.com](mailto:tarifacaoaeroportuaria@riogaleao.com). Bookings for private flights will be available from July 1st 2016 and the deadline is subject to slot availability.

### **5.1.3 PRIVATE CHARTER ARRIVALS GIG**

Clients are recommended to travel to GIG, which is the official port of entry and where the full range of services will be provided. However, Rio 2016 will provide limited services at other points of entry, listed below:

### **5.1.4 SANTOS DUMONT DOMESTIC AIRPORT (SDU)**

SDU is the domestic airport in Rio de Janeiro and operates from 6:00 to 23:00.

The airport occasionally closes in case of inclement weather. Due to aircraft sizes, some restrictions in terms of transporting sports equipment should also be taken into consideration.

Accreditation validation services will not be available at SDU; therefore, clients should proceed to the accreditation office at the Paralympic Family Hotel (PF2) to validate their accreditation.

### **5.1.5 SÃO PAULO INTERNATIONAL AIRPORT (GRU)**

Guarulhos International Airport (GRU) in São Paulo is an important flight hub connection to Rio de Janeiro. Passengers arriving at this airport on international flights will need to collect their baggage, clear customs and check in again on a domestic flight to Rio.

For accredited clients whose arrival data has been entered in the ADS, Rio 2016 will provide preferential lanes at Immigration and customs, as well as baggage claim support at GRU. Some flights may require a transfer from GRU to Congonhas Domestic Airport (CGH) and the transfer time between these airports is around two hours. Rio 2016 will neither provide a transfer service between these airports, nor any support at CGH.

### **5.1.6 MISHANDLED BAGGAGE (LOST, DELAYED OR DAMAGED)**

Clients should report mishandled baggage to the relevant airline. Rio 2016 baggage service staff will be present to provide support within each terminal in the international and domestic baggage claim areas at GIG, SDU and GRU.

The airline is responsible for locating misplaced or mishandled baggage and arranging for its repair and/or return to the owner. Rio 2016 will have the airline's report number for the mishandled/lost baggage and track the airline company procedure. When the baggage is found, the airline will inform delivery time, driver and vehicle data to Rio 2016. At the Paralympic Family Hotel, Arrivals & Departures (AAD) and Secretariat staff will coordinate the delivery.

## 5.2 DEPARTURES

All Paralympic Family members are encouraged to depart from Tom Jobim International Airport (GIG), the official port of exit.

Clients should go to the Arrivals and Departures desk located inside the PID at the Windsor Oceanico hotel to confirm their departure data to ensure Rio 2016 has adequate resources to provide clients with the services they require.

The AAD desk at the Windsor Oceanico hotel will work from 1st September to 20th September 2016 – 8.00 am to 9.00 pm.

Besides the AAD and TRA Desk on PFH, guests can call the **T3 Call Centre** – number is **+55 21 4001 2016**, and make their Request for Transport (RFT). The service will be available in English and Portuguese.

For reservations, it is required four hours in advance notice to ensure availability. The same is required when guests want an extra luggage car for departures.

It is recommended that online check-in be used to hasten the process through the airport. Paralympic Family members are requested to check the availability of online check-in services on their chosen airline's website. Clients who do not choose to participate in online check-in, or where the service is not available, should check in for their flight according to standard airline procedures.

Special attention should be given to luggage, the Paralympic Family Assistant (PFA) or the client will be in charge of booking additional T3 cars in case the baggage does not fit in the car, even on On Demand Service venues. All your requests should be made at the AAD Departure Desk, in the PID.

Please note that clients wishing to use the T3 must input the flight information on ADS or go to the AAD desk at the Paralympic Information Desk.

### 5.2.1 DEPARTURE FROM PFH/PF2 TO GIG

PF Clients are receiving your Games Transport Card, which will allow travel to the Paralympic venues. Transport cards are available when clients validate their accreditation at any validation location.

This transport card will give access to public transportation in Rio, allowing a maximum of four trips per day. Different trips (i.e. 2 buses or a bus and a train) taken within 2 hours are considered one trip only. The Games Transport card of accredited clients can be used from XXth September to XXth September. There is no need to unlock the card. Also, it is automatically recharged in a daily basis, not requiring any action. Attention: Trips are not cumulative.

The Games Transport Card is valid for the following city transport services: trains (Supervia), underground/subway (Metrô), rapid buses (BRT) and municipal buses. For ferries (CCR Barcas), the card is only valid for trips between Rio (Praça XV) and Niterói (Arariboia).

## Miscellaneous

### 15.1 EMERGENCY NUMBERS

For emergency services (police, fire, ambulance): dial 190, 112 or 911. These are public services, free of charge, may be called from any public telephone, landline or mobile.

### 15.2 SMOKING POLICY

All Rio 2016 venues are smoke free. Smoking (including electronic cigarettes) is not permitted within any Games venue. This includes any open air space within the venue perimeter.

Smoking immediately outside venues is discouraged.

Smoking inside closed public areas such as Shopping Centers, Restaurants, Bars, Cinemas and Theatres is not allowed in Brazil. It is allowed in the immediate surroundings but not encouraged.

### 15.3 GENERAL CLIMATIC CONDITIONS

It will be considered winter during the Paralympic Games with average high temperatures around 75°F/25°C. However, during this time of the year it never really gets cold. This period also has the least amount of rainfall of the year. Although it rarely gets cold in Rio, a cloudy or rainy day can be a bit chilly to be out.

### 15.4 TAXES AND TIPPING

Tipping in Brazil is typically not expected nor given. Usually, Brazilians only consider giving an extra amount if there was some special, nonstandard service. However, if you are a foreign guest with a good exchange rate and can easily afford to be generous, service people will be grateful. The standard tip for waiters in restaurants and bars is 10% and is often included in the bill, although not compulsory. Note: sales tax is included in the menu prices and not added to the final bill.

Taxi drivers are usually not tipped, but it's customary to round up the fare to the next Real – for example if it costs R\$ 11,67 it will be rounded up to R\$ 12,00.

### 15.5 CURRENCY

Brazil's currency unit is the Real (plural = Reais), it is made up of 100 centavos and written using the symbol R\$, for example: R\$ 10,00 (ten reais). The currency exchange symbol for the Real is BRL.

### 15.6 TELEPHONES

Brazilian cell phones have 9 digits. If you are calling another city the 3 digits operator number + the 2 digit area code must be included, for example 031 21 999900001 (for Rio de Janeiro).

Landlines have 8 numbers and to call another city you also have to add the 3 digits operator number + the 2 digit area code, which differ from city to city or state. Please refer to your hotel concierge or reception desk for further information.

### 15.7 ELECTRICITY

Power in Brazil is supplied at a nominal voltage of 110 volts and 220 volts. The below socket will be found at all the Windsor hotels.

Windsor Oceanico has 220 volts power supply. Windsor Barra has 110 volts power supply, although each room has one plug with 220 volts power supply. Be aware of the signs before using the plugs.

International visitors planning to bring electronic devices or appliances should also bring any required adapter or converters as these may not be available in large numbers.
